Here are a few GO Fest Pro-Tips:

- Ensure the name you apply with is prominently displayed on your booth, this will make it easier to find you using our online schedule and other signage. Vendors who are easy to spot are more likely to attract wandering attendees/customers.
- Be ready for a crowd- there were approximately 32,000 attendees at GO Fest 2022!
- Make friends with surrounding vendors – afterall, this festival is for making connections.
- Staff your booth to allow members of your organization to participate in activities, races, and more. We hear a lot about how long the days are for vendors and we want you all to be getting as much exploration and adventure in as you can while you're here.
- Try to minimize waste when putting together “swag” for folks who stop by your booth. Think of items that would be useful at a Festival (hats, water bottles, koozies, bandanas, sunglasses etc), as well as items folks will hold on to (quality > quantity).
- Offer contests and unique activations at your booth – even if you're not offering an “activity.” This will attract attendees to your booth to help generate leads and future business – get creative!
- Contact the vendor coordinator early with any questions, thoughts, or requests that may help you have a great experience at GO Fest this year.

Whenever you can, GO wander... explore!
